An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Jiawei Huang on May 11, 2006.

The application has been amended as follows: In claim 7, line 11, the phrase "the heater and a projection" has been changed to "the heater and wherein said source supplying device is positioned such that a projection".

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose or teach the method and apparatus described in Figs. 3 and 4 of applicants' specification and as now specifically claimed in claims 1 and 7. Applicants' specification explains the practical advantages of their specifically recited wire source material supplying method and apparatus illustrated in Figs. 3 and 4 as compared to the prior art illustrated in Figs. 1 and 2.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
